DETAILED ACTION

Allowable Subject Matter

1. Claims 1-6, 8-29, 31-49, and 69-82 are allowed.

Information Disclosure Statement

2. The information disclosure statements filed 12/5/2007 and 1/15/2008 have been considered.

Conclusion

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

The applicant's own 11/796,811 (US 2007/0293737) and 11/691,411 (US 2007/0250121) applications for patents are cited herein for its disclosure of an implantable medical lead having similar structure to that claimed herein but differing slightly. Although the examiner contemplated making a provisional obviousness-type double patenting rejection using this reference, one could not be made in view of MPEP 804.I.B.1 (1st paragraph), which states that for the case of two applications filed on the same date, the provisional ODP rejection should be withdrawn for the application drawn to the "base invention" without the need for a terminal disclaimer. Accordingly, the Examiner deems this application to be the "base invention", hence, no ODP rejection was made, nor terminal disclaimer needed.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Brian T. Gedeon whose telephone number is (571) 272-3447. The examiner can normally be reached on M-F 8:30-5:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Carl H. Layno can be reached on (571) 272-4949. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
